The HIIT routine alternates between intense bursts of activity and fixed periods of low to moderate exercise. If you are interested in REALLY physically challenging yourself, come try out HIIT.

HIRT: Alternates core strength, weight training, and cardio bursts for a high intensity workout. By executing several exercises together and not, letting your heart rate drop you will increase your basal metabolic rate and burn tons of calories!

The exercises are straightforward and athletic, requiring no equipment and you'll recognize many of them, such as jumping jacks, burpees and suicides. In Mindful Vinyasa there is time to slow down and tune inward prior to completing a particular series of postures. Mindfulness will come into play, as there will be a focus on maintaining proper alignment throughout each asana (posture).

A traditional MixxedFit® class is 60 minutes in length and will get you to your fitness goals a lot quicker than just dancing alone.
